Who We Are

Professional Educational Services (PES) is a department of ABH-Child, Adolescent and Family Services (ABH-CAFS) providing training opportunities for agencies and schools working with emotionally and behaviourally challenging children and youth. Our programs meet, or exceed the standard training requirements as established by the Canadian Accreditation Council of Human Services (CAC).

Courses are taught by skilled facilitators with expertise in their particular field. Through extensive education, training and personal experience, our facilitators have developed programs sure to fulfill your needs.

Group training rates are available for those interested in booking sessions for their organization. If there is a workshop you are looking for that isn't on our training list, please let us know and we can work together to develop it.

If you have questions or would like further information about our programs, please email our office at: **780-440-0708 (ext. 0)** or via email at pes@upcs.org

These opportunities are for those who would like to make a positive impact working with children, adolescents and families struggling with emotional, social, psychiatric and/or behavioural problems. These workshops are intended for participants who are new to the field, or have experience and are wanting to build on their existing knowledge and experience base.

They are a must have for parents, teachers, social workers, child and youth care workers, psychologists and others in the human services employees.

We look forward to hearing from you.

We are located at:

**Centre 170
Suite 145, 10403 – 172 St. NW
Edmonton, Alberta

First Aid/CPR—Level C

Standard First Aid CPR and AED Level C

The Standard First Aid CPR and AED Level C course contains up-to-date content and science from the Guidelines for First Aid and CPR. In this course, you will learn the essential skills of patient care to protect and support the life of a suddenly ill or injured person until emergency medical services arrive. Instruction will cover first aid skills such as those that help in the control of bleeding, shock management, stabilizing fractures and dislocations.

Target Group

This course is intended for the general public.

Suicide and Self Harm Intervention Training

Intended Audience:

This workshop is for teachers, educational assistants, social workers, child and youth care workers, child protection staff, nurses, mental health workers, probation officers, family support workers, career counselors, addictions counselors, foster parents, policing and security personnel. Everyone is welcome, whether your interest is casual or professional. Once the workshop is completed, a one day recertification is required every 3 years prior to the expiry date on the previous certificate.

Learning Objectives:

- ☑ To recognize that persons at risk are affected by personal and societal attitudes about suicide.
- ☑ To recognize behaviours or behavioural patterns indicating self harm.
- ☑ To understand the “Duty of Care” issues when dealing with self harm.
- ☑ To understand the documentation required for suicide/self harm.
- ☑ To identify factors that indicate the risk of suicide.
- ☑ To understand how to discuss suicide with a person at risk.
- ☑ To demonstrate the skills required to intervene with a person at risk of suicide/self harm.
- ☑ To identify the resources, including themselves, available to a person at risk of suicide/self harm.
- ☑ To gain commitment to help coordinate social support resources for persons at risk of suicide.

Time: 8:30 am – 4:30 pm

Location: Centre 170, Suite145, 10403 – 172 Street, Edmonton, AB T5S 1K9

Cost: \$75

Facilitator: Nelson Presley

Mental Health First Aid: Adults Who Interact with Youth

About the course:

MHFA Canada: Adults Who Interact with Youth focuses on mental health problems and first aid for youth ages 12 to 24. Mental health problems often first develop during adolescence or early adulthood, with half of all mental disorders beginning by age 14, and 75 per cent beginning by age 24. *MHFA Canada: Adults Who Interact with Youth* has been reviewed by Canadian experts and provides guidelines for giving first aid. MHFA Canada encourages first aiders to take additional training in suicide prevention, physical first aid and dealing with substance-related problems.

Intended Audience:

This workshop is for child and youth care workers, social workers, teachers, educational assistants, parents, nurses, health care aides, probation officers, police officers, family support workers, and anyone who may have an interest or stake in effecting change in addressing Mental Health problems.

Content:

Mental Health First Aid: Adults Who Interact with Youth (aged 12-24) is a 14-hour course.

The following mental disorders will be discussed:	Crisis first aid skills are learned for the following situations:
<input checked="" type="checkbox"/> Substance related disorders	<input checked="" type="checkbox"/> Substance overdose

Our Presenters

Nelson Presley, B.A., is the Staff Training Coordinator for Unlimited Potential Community Services (UPCS). Nelson's experience includes a nearly 20 year career in law enforcement. Nelson has also worked as a Family Support Worker and crisis intervention specialist, working with families at risk. Prior to starting with UPCS, Nelson also spent two years working with Edmonton's chronically homeless population as part of a Housing First program. Nelson possesses a wealth of experience in adult education and is an accredited Problem Based Learning instructor with the Police Society for Problem Based Learning as well a certified tactical communications instructor with Verbal Edge International. Nelson holds instructor certifications with the Canadian Heart and Stroke Foundation as a First Aid Instructor, with Mental Health First Aid Canada in both MHFA basic and MHFA for Adults Who Interact with Youth and is also certified to facilitate a number of other workshops including Suicide Intervention.
